'84 SCHOOL YEAR ENDS!

Baldwin Park High School seniors, Class of '84, celebrate their new-found freedom following graduation ceremonies Wednesday, June 20, 1984.

Seniors Recap Years at BPHS

Four years is a long time to belong to something, someone, or someplace. After four long, but quick years the class of 1984 is leaving Baldwin Park High School.

Before they leave, let's find out what some of the graduates have to say about their years spent in Braves Territory.

LAURA AVERY: I'll miss my friends and teachers the most when I leave.

SUSAN BRANEK: My happiest moments were my sophomore and junior years when my boyfriend Joey was here and I cheered for him. It was great!

MARGIE GALLEGOS: My unhappiest moment at BPHS was eating in the cafeteria. The things I'll miss most are brunch and lunch. The craziest thing I ever did here was to enter.

DOROTHY HOOPER: My most embarrassing moment at BPHS was when this guy I really liked spoke to me, and when I turned around to hear what he said; I fell over about three desks. He helped me up.

KIM BICKMEIER: My happiest moment here was bombing Mr. Farmer and Mr. Eberstein at the end of the 1983 year.

JUNE KITCHEL: My happiest moments at BPHS were going with Lillian and Dorothy to lunch and going with Mirna and Sandy to parties on weekends.

'84 MARKS CHANGES FOR B.P.H.S.

The year is over and it's time to say good bye and move on to new and different experiences. It's time to change our ways and face new challenges.

Speaking of changes, good ole' BPHS has had its share of them this past year.

Some of our major changes are clearly seen and remembered. Back in October a major remodeling was getting under way for our administration building. The students thought it was great, not so much because of the new building, but because the administrators, counselors and secretaries were all moved into the library. To most of us, this meant no book reports or term papers this year.

Another major change was the addition of the computer room. With the addition of the new TRS-80 computers many more students were given the opportunity to take classes in computer literacy and programming.

Two other changes were the new auto shop and new photography lab.

These are just some of the outside changes. Our attitude also seemed to change. Students and faculty both seemed to have more pride in BPHS this year. Our football games and rallies continued to have full attendance.

One reason for our growing pride may be our growing population. Last year's atten-

The First Day; Something to Remember

It was one of those hot, summer days. No relief in sight. Everything seemed to be the same, but was it?

Usually on one of these days we would normally be getting out of bed at 12:00 noon and complaining that we hadn't had enough sleep! But not this morning; something was different. Many of the lights in the rooms and alarms went on much earlier. Yes, you guessed it! The first day of the 1983-84 school year had arrived.

A lot of important questions were going through our minds. "What should I wear?", "What's in style?", "I wonder if Mary is still going out with Jack?", "How should I act now that I'm a senior?", "I hope they don't still initiate the freshmen", etc.

What people sometimes call butterflies in the stomach felt more like a herd of horses. Coming back and seeing all your good friends and teachers was worth all this.

The time went by fast and 7:30 a.m. rolled around. By now most everyone had their programs or were in the process of getting them. Of course we heard the normal reactions like "Ah, I got this class again", "Where's the principal? I want to change my

dance was 1700 and we are proud to say this year we had between 1900-2000 students.

One more major change was the change in the length of the school day and year. Four extra days were added on to the year, moving the class of 1984's graduation date to June 21. Five extra minutes were added to each period extending the school day to 3:10 p.m.

All these different changes took some getting used to, but the students at BPHS accepted them with the best of pride.

That's because we're the greatest and we know it!!!

schedule", or "What easy classes, I'll pass, no sweat", "This year's going to be a kick-back", etc.

As usual on the these first days the office was a mess. But the leadership class tried their hardest to keep people in line and to help those who really didn't know where to go or what to do.

The all too familiar sound of the first bell of the day came ringing through the halls. Again, like most normal first days, nobody seemed to hear it and hardly any one was on time to class. There was always the excuse that "they couldn't find my program", "I couldn't find my class."

All in all, the first day and the first week; was a success. Everybody catching up on what's been happening over the summer, renewing friendships, making new friends and picking out that special guy or gal to admire, were some of the best highlights of these first days.

Yes, they were certainly something to remember.

Lunch Time Blues

When we were in kindergarten we had milk and cookies brought to the classroom for us. In elementary school we advanced to lunch pails, paper sacks, or cafeteria food, which the teachers forced us to eat.

As seventh and eighth graders, we ate cafeteria food or we had ice cream. Few people took their lunch in junior high. Everybody who was anybody refrained from taking lunch if at all possible.

In our first two years in high school, nearly everyone received their lunch from the brunch lines. The high school cafeteria is fine for food fights, free lunch and "indigestion". Many people only like a few of the selections available at school.

As Juniors, we would bum a ride off of anybody we could so we could get off campus and eat good-tasting junk food. We were not always able to leave campus, so we had to occasionally settle for the crowded brunch lines.

As Seniors, we couldn't wait to get off of campus at lunch. Many of us had access to a car or continued to bum rides. When we went out to lunch, we had fun, got crazy, and ate a nice meal. Isn't that how it should be?

That First Day

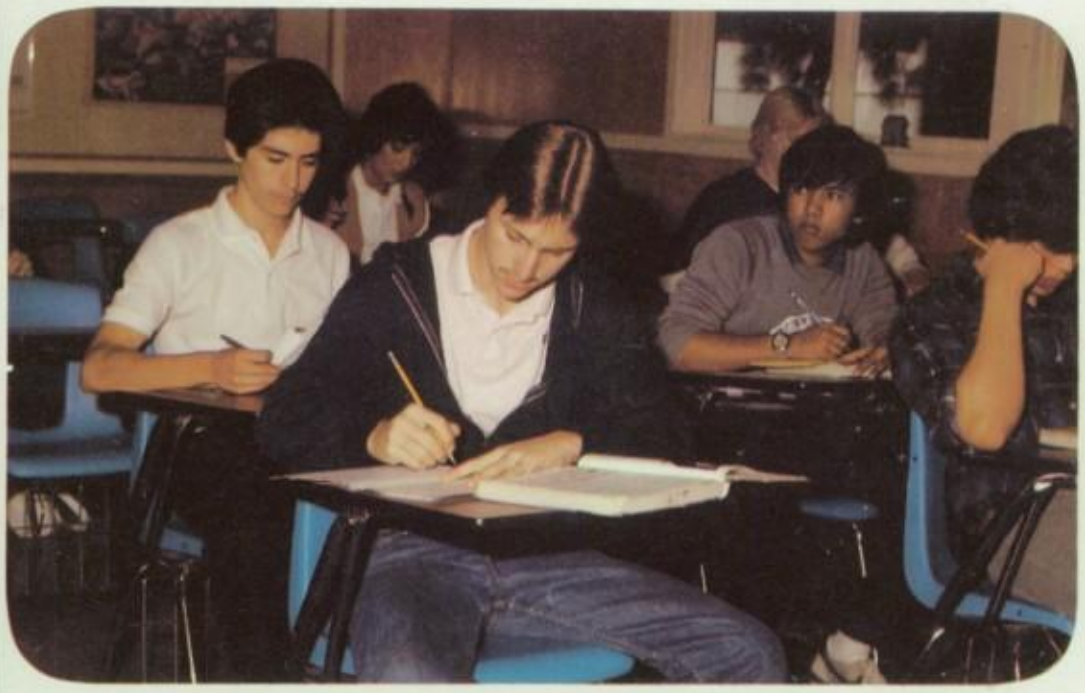
Do you remember getting ready for the first day of school this year? You weren't really nervous, nor were you very anxious. All you could think about was, "Wow, this is my last year."

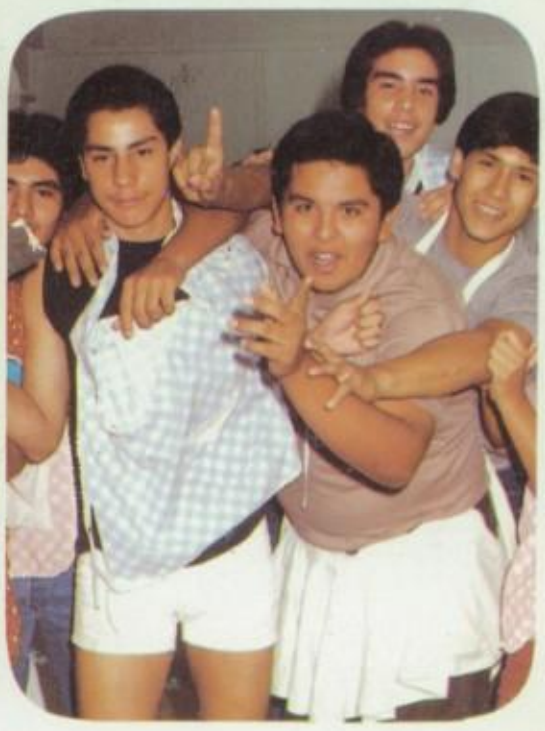
When school started you realized this year was going to be better than any other. You decided to do things you've never done before; you became involved.

As the year progressed, you began to think of your future. Some of you were afraid to say good-bye to high school, and others were glad to be getting out. Everything seemed to be happening at once. Teachers, counselors, and friends never stopped asking the same question, "What are you going to do after you graduate?"

After getting through all the work and questions, you began to relax. When you did, you realized that the year was coming to an end. The big day was here — Graduation! You finally made it!

Congratulations class of '84!





David Grall and Salvador Guzman were hitting the books.
Chris Tobin and Janine Salanitro are deep in conversation.
Leo Trujillo and Mario Gallo were playing the chefs in skirts and aprons.

Regina Cisneros and Maria Cerda are relaxing at lunch.

Becky, June, Carlos, and Ernie are eagerly learning.

Seniors Say Adieu

When we first came to BPHS as freshmen we were squirrelly, shy, and afraid of our own shadows. We walked around in a daze, asked ridiculous questions, and didn't know who, or where, we were. Let's face it, the term "punky freshman" suited us well.

Through the years we matured, came out of our shells, and got involved. Now as Seniors we are mature and responsible young adults. We help other students and teachers, we urge student involvement, and we answer the freshmen's ridiculous questions.

We are fun-loving, but then again, we always were. We are preparing ourselves for the future. We bid adieu and give a final farewell to our friends, the underclassmen.

Senior Survey

In the beginning of the school year, we asked some of the seniors what their senior year means to them. This is their reply:

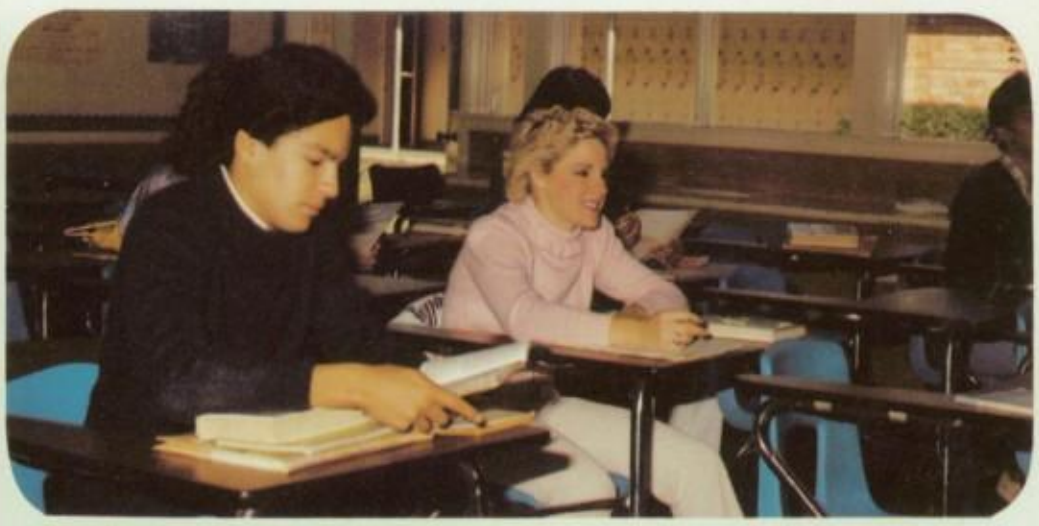
CHRIS TOBIN: "The senior class is full of students who are excited about the end of their school years, but at the same time they are a little sad and nervous about leaving the shelter and friends of high school and going out into the real world."

DOROTHY PEREZ: "I think the senior class of '84 is great. I feel the seniors have a lot of pride in their school. I think it's because it's their last year and everybody wants to make the best of it."

HELYN HERNANDEZ: "The senior year is one of the best years of high school to enjoy. Graduation, pictures, announcements, excursions, etc., all make your senior year the best it can be. Being a senior should always be a great experience in life."

LILLIAN ZARATE: "My senior year means everything to me. The hard work we all put into our classes, we find out is all worth it. Senior means you're free to make your own choices in life, but most of all, senior year is today and tomorrow 's future."

RUBEN HERNANDEZ: "I see the people of the class of '84 as just another group of people. Their goal is to graduate and forget about that school. One thing that won't be forgotten is the memory of our classmates."



Ernie and Dorothy are listening to Mrs. Hann.
Regina, Dorothy and Bettina are listening to Mr. Terry's jokes.

More Memories

Cont. From Pg. 6

CHRIS TOBIN: I miss the teachers the most. the craziest thing I ever did was to get married in "Marriage and Family."
ELIZABETH PORTILLO: My happiest moment was when I got nominated for Homecoming Queen. I'll miss the football games and my friends the most when I leave. The craziest thing I ever did was when I helped T.P. the school.
ARLENE AGUILAR: The most embarrassing moment was when I got initiated by the drill team. I'll miss all the understanding faculty the most. My happiest moments her were having the opportunity to be in drill team and yearbook staff.

S is for the spirit seniors have.
E is for experience in initiations.
N is for naughty things we have done.
I is for our ignorance towards the rules.
O is for the outstanding way we do things.
R is for the remorse we caused our teachers.

Senior Fairy-Tale

Once upon a time there were two hundred and seventy-five little senior bears. They all went to this awesomely famous high school, known as Baldwin Park High.

All of the senior bears tried to complete all of their work in their classes. For four long years, these bears went to school and progressed, one year at a time.

Some of the senior bears worked to support themselves and still had time to show their school spirit. Now all of the bears can finally spell R-E-L-I-E-F, they have finally achieved their goals and graduated.

All of the senior bears will live happily ever after.

The teachers ... they will keep on having little senior bears to give homework to!

Leadership class is enthused over Sandra's speed.

Old Is Out, New Is in

Congratulations! You have finally completed your third year in high school. It's time to party, get a tan, and kickback; but don't overdo it. You have one more year of high school and you want it to be the best one ever.

Just think, next year you will be Big, Bad Seniors! You will rule the school. Of course, if you didn't pass, you get to continue being a junior for another year! That's probably unlikely, since the class of 1985 is very spirited, intelligent and totally awsome!!

3 Down — 1 to Go!

Nearly 300 juniors have come to the threshold of their senior year. Under the leadership of advisors Mrs. Maples and Mrs. Alexander, the class was outstanding in academic pursuits, leaderships, and athletics.

Having completed three years of high school, the juniors considered their future more seriously. The juniors now assumed the important role as upperclassmen.

They could not help but feel that this year was but a stepping stone on the journey that will be finished at the end of the coming year.

Juniors — An Active Class

The junior class was very active. Many juniors were involved with sports, clubs and other activities. Those who were especially spirited participated in pep rallies and pep days.

The juniors won the Spirit Stick a few times (but are determined to win it everytime in their senior year).

The juniors were also helpful when it came to behind-the-scenes activities. They helped to decorate the gym for dances and organized the junior-senior prom.

The Hardest Year?

Possibly your hardest year in high school is your junior year. For the first time you had to decide on the path that you must take. Sure, you had thought about it before, but your junior year was when your decisions were most critical.

What could have brought about your decision could have been your teachers, especially the ones always giving you a lot of work to do in a short amount of time. Your concerned counselor, who was always worried about your grades and the principal, the one always there when you were in trouble. All through your school year you had someone there to help you to decide the path you must take.

The final decision was yours to make. Only you could choose what you want to do in life. It was a big world out there. You soon have to face it on your own and try to be a part of it. You gave it your best shot now, while you were still ahead.

THE ANNUAL SAGITTAR

86 SOPHOMORES

PART B

JUNE 1984

Challenges

It seemed like four years would take forever, but time doesn't last. The first year in high school probably left most not knowing whether they should either laugh or cry.

By the end of the freshmen year, the majority knew what to expect: no radios, no sin, and no sympathy. There was always a challenge, but there were those who overcame the first year and went through the second. These people had the proud title of sophomores.

Not all sophomore classes will ever be the same; they all had their different influences. Still they all had their common place. There was the sophomore who may have said, "It all seems so stupid, it makes me want to give up. But why should I give up, when it all seems so stupid?" This type of sophomore doesn't get washed off when rained on, he fights on. This sophomore had the feeling that anything could be done.

Yes, there was no denying that there were those who didn't care and those who did. These people were as high as mountains, but not as low as valleys. They were guided by intelligence and not by ignorance. They had no shame; this kind of sophomore will succeed, and already has.

Soon he will start the third of four parts. Only time will tell what happens.

Spirit of '86

1986 is just around the corner. Now is the time to get involved with your class activities. There's not much time left, Tomorrow may be too late.

1986 will be a once-in-a-lifetime memory, make it the best ever. The class of 1986 will stand out in your mind; be proud of it, because there's only one.

SPIRIT — that's the way to make the class of 1986 known. You want to be known. You want to be recognized. Let everyone know who you are.

SPIRIT — that's what high school is all about. It's the name of the game. The class of 1986 will be the one with the most spirit.

SOPHOMORES — this is the year the eyes of your class begin to open, to adventure into new frontiers. You have made that first step from Freshman to Sophomores, now take a greater step to the world of Juniors.

1986 — the year to be proud of.

Changing in Time

Changes are constant, changes which included the art of music. Because of the difference in age group, the sophomore class had its mixed preferences in the types of music they listened to.

Even though the sophomores had no preferred music, New Wave and Heavy Metal were favorites. Other types of music well-liked included Adult Contemporaries, Rock-A-Billy, Funk, Modern Music, and Punk.

This music was a big switch compared to Elvis Presley and The Beatles, but time still has much in store for future generations.

Sophomores Speak Out

A sophomore survey was taken to find out who the sophomore's favorite teachers were, and what subject, type of music, and sport they enjoyed most.

Mr. Jarvis was chosen as the favorite teacher. Other teachers chosen were Mr. Zane, Mr. Sterling, and Mrs. Beall. They should all be proud to be a favorite.

In the music category there were no clear winners. It appears that the musical preferences of the Sophomore class were as varied as the personalities in the class of '86.

Science and math were two of the Sophomores favorite subjects. English, geography, and P.E. were also mentioned.

In sports, two favorites were selected. One for the boys — football, and one for the girls — softball, far outnumbered other sports in the voting.

Making Decisions

To become upperclassmen was the dream of some four hundred and six wide-awake (?) Sophomores. As they grew and learned, they matured and progressed by attacking some of life's obstacles in their Sophomore year.

First, they decided what classes to take, second, they decided what activities to join, and third, they decided what rings to buy. They were now ready to advance to another stage of life at Baldwin Park High School.

Freshmen Future Goals

To some, the future might not seem too important. Actually, the future should be one of your greatest concerns.

This was the time when many started thinking seriously about getting a good education. School and education became more than books and work. Getting involved in clubs, sports, and other school activities helped make school more enjoyable and helped students make more friends. Getting a good start was very important and students hoped this would lead to future success.

A New Beginning

The 1983 school year was the start of four years of high school for the class of 1987. Hearing their opinions about the start of the new school year was very exciting.

The majority disliked homework the most, followed by getting up in the morning, and getting used to a new year and new classes. The freshmen enjoyed seeing their old friends again and meeting new friends and teachers.

Why Freshmen Like B.P.H.S.

"Look at that cute guy over there. He smiled at me!," "That girl over there is really something. Wow!!," "Oh no, where did my homework go?!!," "Thank God it's Friday!!". Do these statements sound familiar to you! They may sound like ordinary comments at any high school, but think twice; it's really the wild and crazy world of BPHS. The incoming Freshman might have thought that BP was just another school, but by the end of the year they knew it was THE school to go to.

What made BPHS so popular? In a survey of the Freshmen class, the saggittar staff discovered the many reasons why students liked BPHS. Sports and activities were common reason, while others said the people they met made what it is BPHS. The boys responded with, "The good looking chics," and the girls responded with, "The guys, of course," Most of the Freshmen, however, said that they liked everything about BPHS, from activities right down to the teachers. And who could blame them? The activities and assemblies were something to look back on and remember, the sports program

The Freshmen class cheers their year at one of football rallies.

The Spirited Freshmen

Freshmen spirited? Who would have ever believed that? Nobody! That is until this year. During the past years, the Freshmen were known to be punky, little Freshmen who were never involved. They were put down, picked on, and beat on.

This year, however, was different. Right from the beginning of the year, the Freshmen stood out among the crowd. Not just because they got lost looking for their classes, but

Cont. Pg. 57

Freshmen Speak Out

Freshmen were asked, "If you could make a change in this school, what would it be?"

Many freshmen said shorter classes, while others wanted a longer brunch and lunch period. Of course, there are always complaints about the teachers, even if there wasn't a valid reason.

Some wanted radios at lunch for music, however they were outnumbered by those who wanted the privilege of a lunch pass.

Lowering the grade point average required to participate in sports was another popular request.

As you can see, every freshman had a different desire for change. Basically they wanted more lenient rules for everything. However, it's never possible to please everyone.

Freshmen Are Exciting!

Most people think there's nothing exciting about being a freshmen. Our freshmen completely disagreed. They thought everything from the first day of school to going to football games was thrilling.

Although they were the underclassmen and freshmen have been known to get picked on, that didn't mean that they were just going to give up and forget about school spirit. One of our disagreeing freshmen quoted "It's exciting just being a part of B.P.H.S." That quote summerizes the difference between the freshmen class of 1987 and the freshmen classes before them.

This freshmen class was a TERRIFIC role model for our future freshmen.

because they got involved in clubs, sports, and other activities.

With their determination to prove themselves to the upperclassmen, they tried and succeeded in winning the spirit stick many times. They beat the stunned Sophomores, the juanty Juniors, and the almighty Seniors.

You might be asking yourself, "The Freshmen?" As impossible as it may sound, the answer is, yes. The Freshmen were really on the go, and were more enthusiastic and spirited than many of the past classes.

They might have been shy and quiet at the beginning of the year, running from every senior around, but as the time went on, no one could stop their determination to prove that their class was number one. One freshman said it best as she stated, "The class of 87 is an exception to the fact that Freshmen are unspirited. We've got it!!"

As suprisingly as it may seem, the Freshmen class has certainly proved their spirit and sense of belonging in this school. The class of 87 has no doubt that their class is really number one!!

was really on the go, and who could forget the great faculty and staff? With the help of these caring and dedicated teachers, freshmen made it through their first year. Of course their friends, girlfriends, boyfriends, and all the new people they met added to the enjoyment.

One of the enthusiastic and spirited Freshmen summed it up by stating. "At first I hated to go back to school because I thought just another school, but boy was I wrong!! All the activities and people I've met have really made this year a lot of fun. People say that the high school years are supposed to be the best years of our lives, and everything about BP proves this to be true. Although this was only my first year at BP, I've had the greatest time, and I'm really looking forward to the years ahead. BP is really a great school and I'm glad to be a part of it, and so are a lot of students. Everyone agrees that BPHS is really a school to be proud of!!"

Administrators' New Home

The school administration finally used the school library. It was not because they had to research term papers, or that they were editing the reading material, but because they were temporarily moved out of their offices.

The remodeling of the administration building started in October. After a month of school, the librarian had to move over and make room for the administrators, counselors, and secretarial staff.

The "Big Switch" was really an incovenience. The librarians no longer had any library work to do, so they helped out wherever they were needed. Students no longer had access to reading material or reserch material.

Perhaps there was one good thing that came of this, whenever any of the administrative staff had any spare time, they just had to reach out for a good book.

Counselors Concerned

As the school year passes, there are times when students need special advice or understanding. B.P.H.S. has counselors that take time to help students realize their potential, guide them with alternative choices and make wise decisions in areas that will affect their personal and academic lives, as well as their careers.

Mrs. Holt, head of the counseling department, and couselor, also works with the special education students.

Mrs. Green, who is in charge of "A thru D" students, has been responsible for college guest speakers who visit the school campus to talk to our seniors. Thanks to her, many graduates have started their post-high school days off right.

Mrs. Moeller, who is counselor for the "L thru Q" students, also handled scholarships and college applications. Students could always feel free to go to her with any questions.

Preparation and meeting application deadlines for the college PSAT, SAT, and ACT test are handed by Mr. Roberts. He is an expert on these tests and has been a big help to students as their test date approached.

One of the things students think about most as their high school days progress is careers. Mr. Cragin, career counselor, has been an excellent advisor.

In addition to career counseling, Mr. Cragin has also been in charge of the work experience program and the Regional Occupation Training Program.

Changes in English . . . and CAP Testing

Two new teachers were added to the English Department, Miss White, and Mrs. Fakatoumafi.

Miss White came from Landis Junior High. She taught four freshmen English classes and one class as the Pep Squad Advisor.

Mrs. Fakatoumafi, most commonly known as Mrs. Mafi, taught one freshmen English class and three sophomore English classes. In addition, Mrs. Mafi reopened the drama class, which hadn't been offered for three years. In drama, students learned how to perform by doing short skits and improvisational acting.

At the beginning of the year, many students and teachers were inconvenienced, due to the change in planning caused by the CAPS testing. Preparations for the CAPS test had to be made which meant putting aside most of the SAT preparatory work. Many seniors were put out by this, since both tests came at the same time.

With all the changes that took place this year, in spite of any inconveniences, the school and the curriculum continued to improve.

Math Dept. Computerized

This year at B.P.H.S. there was a new addition to the Math Department. A Computer Literacy class was initiated in anticipation of new state graduation requirements.

The Computer class has eighteen computers with two students assigned to each computer. Mr. Sanchez, Department Chairman, commented, "We are going to try to open up more classes next year because there are so many students that want to enroll in computers and there isn't enough room." Mr. Sanchez has been teaching computers for three years and enjoys it. He also comments, "This year we offered three classes of computer literacy and one class of computer programing."

Some of the students are so advanced in computers that they even taught Mr. Sanchez some new things.

Social Studies Moves on

The social studies department is responsible for the instruction of world geography, western civilization, U.S. History, civics, and economics. In addition the department also covers drivers training.

Freshmen take geography, which covers the climate, land structure, and land bounderies of the world. Customs of the people and economic conditions are also covered.

Sophomores take western civilization, covering the different countries and the people, cultures, and heritage.

Junior students cover U.S. History, including how the colonies of America were discovered, the writing of the constitution, and the Bill of Rights. History is not just dates and words, but the story of people, different ways of life, and the development of new ideas.

Seniors take civics and economics. Civics is the study of the U.S. Constitution and the laws and structures of the nation, state, and local governments Economics is dealing with the problems of scarce resources and how the government, business, and people use those resources to meet their needs.

Social studies is not only useful in high school studies, but in your future as well.

Science Adds Up to a Foreign Language

The Foreign Language department offers two years in three different languages, French, Spanish, and German. Most of the students enrolled in a foreign language were taking the course to satisfy college exam requirements. A foreign language is very useful in the world we live in now.

The Business Department consists of Business Core, Typing Core, Record Keeping, Accounting and Stenography. By taking an intermediate or advanced business course a student should be able to get an entry level job, or be well prepared to go to college. Business is an excellent way to prepare for the life ahead of you.

The Science Department consists of Biology, Chemistry, Health, Physical Science, and Life Science. Science is a two year requirement, beginning with freshmen taking health and sophomores taking either biology, physical science, or life science.

Music and the Arts

The Industrial Arts and Homemaking Departments offer courses to meet many vocational interests. There is a wide selection of courses offered sch as Arts and Crafts. Photography, Drafting, Graphic Arts, Auto Mechanics, Industrial Wood, and Electricity.

Students can learn to print their own photographs, throw a pot on the potters weel, make furniture for their own home, fix and tune their own car, and learn the many uses of electronics. In the Industrial Arts Department the students learn to use their own hands building, drawing, creating, and repairing. Mr. Farmer, Department Chairman said, "The department offers many opportunities for a student to explore possible career choices. This is particularly useful for the student who does not go to college."

The Homemaking Department had a new teacher. Connie Holloway is now teaching homemaking, food service, and Marriage and Family.

Home Economics deals with five different areas including childcare, house and furniture, food, clothing, money and time management.

Another class that was popular was Marriage and Family. It dealt with adult life, careers, marriage, child rearing, money management and death. This class prepares students for life after high school and how to deal with it.

The music department, chaired by Mr. Klemm, is composed of Band, Orchestra, andchoir classes. Mr. Klemm teaches concert band and orchestra. Mr. Vorwald is the director of the Baldwin Park High School Band. The first semester of school the band took part of numerous field shows parades and provided the entertainment fo the halftime shows of the football games. The band converted to a concert band for the second semester, and competed in Jazz and concert competitions.

New to the music department was Choir. Mr. Acosta taught one class of concert choir here at Baldwin Park and then moved to Sierra Vista High School for the remainder of the day.

Student Services Keeps Us Going

Faculty and Staff members who perform special services to our students are our Library, Special Education, Alternative Classroom, Activities and Attendance Office, Custodial, and Cafeteria Staff.

Mrs. Cortez, Librarian and Mrs. Reinwald, clerk, did a marvelous job keeping our school library in order and assisting students with their library needs.

Mr. Davis, Mr. Nebel, and Ms. Vethrus are our highly dedicated, Special Education teachers. Their patience with students' needs was exceptional.

New to our campus was the alternative classroom, run by Mrs. Harper. This class was for those students who had specific problems, requiring special attention that they could not receive in their regular classrooms.

Mrs. Gamble, Mrs. Sloper, and Mrs. Rohr, Activities and Attendance, Secretaries, were probably the best known secretaries on campus, as they deal with many students directly everyday.

Our Custodial Staff, headed by Mr. Valencia, worked day and night to keep our campus clean and running smoothly.

The Cafeteria Staff, under the direction of Mrs. Thomason, provided daily brunch snacks and noon meals for BPHS students.

In addition to our school and Staff, the district also provided a nurse, Mrs. Jones, and a psychologist, Mr. Blakely, and supported our transportation needs with dedicated and professional bus drivers.

High School Memories

High School Memories are perhaps the most precious memories in a person's life. The leadership class is responsible for helping to make these memories possible. They created many memories. Homecoming '83 was a spectacular affair. The cornation at half-time and the dance afterwards will long be remembered. At the Homecoming booth day, everyone enjoyed food, drinks, live music and games.

After-game dances gave student an opportunity to have fun together, make new friends, and show off their dancing style.

Pep days, such as button day, tie day, t-shirt day and sweats day gave students a chance to show off class spirit.

Assemblies such as the Great Raguzi and Camfel's "Dream Maker" gave students a chance to break away from the normal routine.

These activities, and many more like them, will be remembered for a long time to come. Without the guidance of the leadership class, BPHS would not be what it is today, a truly great school!

A Memorable Year

Your Senior year is suppose to be the best year of the four years of high school.

The Senior class this year, led by President Cynthia MacGilvary were determined to make their last year at BPHS a memorable one. They held such events as the Christmas Ball, Sadie Hawkins Dance, Donkey Basketball, the Senior Excursion, Grad Night, and many more events. All the time and effort the Senior class had put into these events will be remembered for a long time to come.

This year's Junior class was also on their toes. Guided by President Vivian Cerda, they were involved in many school activities. They sponsored the Junior-Senior Prom and contributed their time and effort to the school dances and the snack bar at the home football games. They also had fund raisers that proved to be profitable.

A Successfull Year

This year's Sophomore class was led by President Sol Sandoval. They've had a prosperous year with several fund raisers, all ending in success. They sold raffle tickets for free limousine service to the prom, held a pen sale, and also sponsored a Sophomore dance. They were also involved in various school activities such as booth day and contributed their time and effort to help make the school dances a success.

The Freshmen class was also off to a great start. Their goal was to make their first year at BPHS an enjoyable one.

Led by President Ramon Cano, they got involved in the school activities and participated in events such as booth day. They also had numerous fund raisers which were successful.

When asked what he thought about this year, President Cano replied, "Although this was our first year, I feel that it was a successful one."

Braves Band — Committed

The Baldwin Park Braves "Blue Ribbon" Band participated in many competitions. They had a very impressive field show and intense music.

They placed third in the Olympics and first at the Chaffey competition. They will continue to do well, as the years go by.

In addition, they put on the annual Jazz Festival, which drew a large crowd to watch them perform.

They added a new look to their appearance this year. Their new uniforms made heads turn.

The 1984 combined orchestra, under the direction of Mr. Rolff Klemm, began another season of musical delights and cultural enrichment as they prepared for their annual Spring Concert.

The orchestra, composed of students from both Sierra Vista and Baldwin Park High schools, provides a musical opportunity for students in a more refined setting than does the Marching and Jazz bands. With the addition of the orchestra, the students of Baldwin Park have a complete, balanced musical program.

We can be very proud of the accomplishments of the District orchestra, and their leader and conductor, Mr. Klemm.

Choir Sings Again

The 1983-84 Choir was full of a lot of people who really enjoyed performing and singing. It takes a group of special people to make a choir. They really have to dedicate themselves to giving the best performance they can. They had a lot of fun performing for schools and having concerts. Even though there weren't any boys in the choir, there was at least one male, in the form of Mr. Acosta.

Two Super Bravettes

Mrs Linda Gair and Mrs. Cathleen Ceja, the Bravettes Drill Team advisors, worked hard to instill in the members enthusiasm, interest, and pride toward drill team. They spent most of their time and effort endeavoring to teach the members responsibility and have a better outlook on life.

They are always there to talk to or help through our tough times. Although they scream at us ahd tell us what we are doing wrong, we know not to take it personally, for they are just trying to make us bring out the best in us and perform the best way we can. We will always remember what they have taught us and put it to good use.

Mrs. Gair and Mrs. Ceja, we would like to take this time to thank you for everything, and try to show you our appreciation in these few words.

Reaching Their Goal

The B.P.H.S. Bravettes drill team fulfilled their main goal for 83-84, giving outstanding performances of grace and beauty.

Along with the Braves Blue Ribbon Band, the Bravettes presented many memorable half-time shows and scored high in many competitions they entered.

One of the most memorable events of the drill team was spending the weekend in Anaheim where they competed in a military competition for the Music Olympics. They spent the rest of the day at Disneyland or strolled around the Anaheim Plaza.

To climax a wonderful year the Bravettes announced their new members and officers. Each girl will come and go with a dream that has been fulfilled while they were a member of the B.P.H.S. Drill Team.

Pep's New Advisor

In the past, the pep squad has always been cuddled in the arms of a previous advisor. This year, the pep squad was handed over a new advisor, Miss Jackie White. Miss White, like a new mother, cuddled this new baby, but also learned, as she went along, how to truly handle it.

Miss White was at all the pep rallies. She supervised the cheerleaders and judged the class competitions. She encouraged everyone to go participate, and have fun.

At the Varsity football games, one could always find Miss White sitting among the J. V. cheerleaders. She cheered for our teams. She was in everbody's class when class cheers were called. She was always there, encouraging, and keeping everyone's spirits up.

Tears filled Miss White's eyes when all three of her squads placed in competition. Remembering all the work that was put into the routines, the trophies were well deserved. She was there to help each squad with spacing, sharpening up, and voice control. She even had to arbitrate disputes. Whenever she was needed, Miss White was there to help.

It was truly a learning experience for Miss White. It wasn't the easiest job, but when the going got tough, Miss White got going.

Tears were shed, feelings were hurt, but it was the laughter and good times that will always be remembered by Miss White for the first year. She learned how to handle her baby, and she's even more prepared to handle what's to come with future pep squads.

Crowning Ceremonies

It was twenty seconds before halftime, Braves leading the Aztec's 20-0. The tension was getting stronger as each second faded away. Each princess awaited the halftime ceremonies with a beautiful glow in her face. The gleaming face of each proud father waited to hear if his daughter would be crowned Homecoming Queen for 1984.

As each girl was escorted by her father in the traditional walk across the Braves field, the tension became stronger.

Returning Homecoming Queen, Ana Rios, took her final walk, escorted by former B.P.H.S. Quarterback, Norman Santiago. As the crown was being passed above the princesses' heads, you could see tense emotion on each face. The crowd became noticeably silent as Mr. Cherocci announced the winner and the crown was placed on Doreen Archuleta, 1983-84 Homecoming Queen.

A Night to Remember

On the night of Friday, December 16th, the gym was transformed into a Winter Wonderland for the 1983 Christmas Ball. The D.J.'s from Pro Productions unveiled their new ten foot T.V. screen as 90 couples danced the night away.

Highlight of the evening was the announcement of the Christmas Ball Court. Junior Princess, Onna Parker, Junior Pince, Sergio Marcus, Senior King, Joe Rodriguez, and Senior Queen Jeannette Renteria were crowned by the Senior Class advisor, Mr. Sterling, and special guest, Santa Claus.

Twelve midnight came much too soon for all the dancing couples, but come it did, and reluctantly they bid each other "Merry Christmas to all and to all a good night."

Viramontes — Bickmeier Reign!

"All Sports," an event held every year during Basketball season, took place on January 27th. As is the custom, each athletic sport was asked to nominate a person to represent their sport. Nominee's were selected, and the entire school voted for a new King and Queen.

After a very exciting first half of the showdown between the BRAVES and the Gladstone, Gladiators it was time for a most spectacular half time show. After the Drill Team performed their award-winning military routine, it was time to crown the new King and Queen for the "All Sports".

Nominated by the football team, Kim Bickmeier was crowned "All Sports" Queen by the 1983 "All Sports" King, Frank Martinez. Nominated by the Drill Team and Pep Squad, Robert Viramontes was crowned "All Sports" King by 1983-84 Homecoming Queen, Doreen Archuleta.

The night was a success, full of fun and excitement. The Braves won 42-41. It was a close game, but the Braves were able to pull through. Following the game, the dance began, featuring "P.M. Night Wave", in honor of the new King and Queen. The entire night was a total success. "All Sports" was definitely a night to remember.

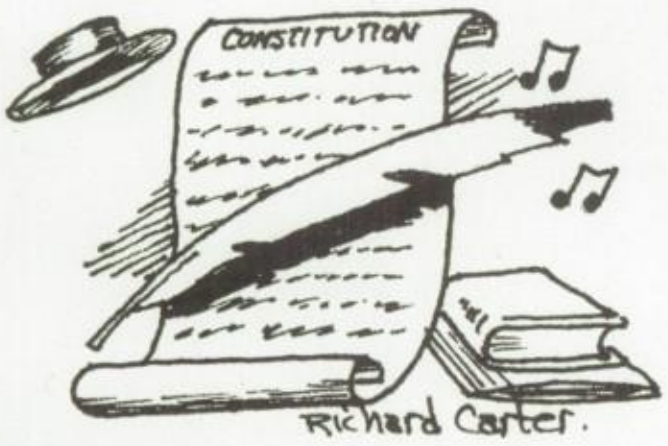
CLUBS
& ORGANIZATIONS



For Those Who Care

Various organizations have been established in the school, to help expand a persons potential. In order to participate in a particular group, one must be willing to uphold the spirit and pride of your school. With this sense of well being and honor one can become an inspiring leader, a good friend, and an example of pride. Clubs for the most part, have given their many members the feeling of responsibility and dependability. Club members will always remain the foundation for what school spirit stands for.

To begin to understand what a club member can expect from his or her position, one must first ask, "What do you get out of it?" Each member develops a sense of responsibility and the need to be dependable.

What Are We?

What is the Annual Sagittar Staff? It is a staff that is made up of caring and responsible people. They are here to put a book together to bring back memories of the past year, some we want to remember, and some we'd soon forget.

The staff has tried hard to make the best book ever We started off with meetings in the summer. Those crazy 'daze!' None of us even knew each other, but Mr. Farmer had a plan to solve that.
We played the name game. I know, what's that? One at a time we introduced and said something about ourselves. This broke the ice a little bit, but we still had a way's to go.

Things started happening after we went on the seminar field trip to Taylor Publishing Company. We all really got to know each other then. We learned a lot about yearbooks and each other. At lunch we invaded McDonald's and playland. I think we learned more about the rides than anything else.

It was still early in the year. We wanted to promote the yearbook; so during one of the pep rallies, we showed off the B.P.H.S. Football Yearbook Team. We were introduced one by one and the crowd started going wild, not because of us, but because of our Life Savor lollipops we *threw* at them. The candy had "Buy your Yearbook" printed on it. Did anyone notice?

It was time for Halloween. We really showed off our spirit by dressing up. Everyone participated.

Now it was time to really get serious. *DEADLINES* started coming *too* fast. We all spent many period 1-6 days in I-81. Many times on these days we stayed after school until who knows when. That's dedication!!

Relief; Annual Style

It was that time of the year for our field trip, Feb. 10, 1984. Disneyland here we come! It was a blast! Everyone just let go of everything and had a great time. We all forgot about deadlines, pressures, and all those other yearbook troubles.

We started off all together. So, naturally this was the best time to take our group shots. After this crazy task was over we all split up into different groups, and invaded the park.

The fun parts were running into each other, getting in water fights and making ourselves known throughout the park.

The photographers went crazy with their cameras, taking pictures of everyone and everything.

6:00 p.m. was closing time and time for us to leave. Reluctantly we all started back for the bus. It was an exhausting but great day.

The next Monday it was back to more deadlines. The most serious ones. These were the last two . The ones that had to be done or no yearbook. What pressure! But the B.P.H.S. Yearbook Staff handled it!

The year came to a quick close and everything was accomplished. The yearbook was published and everyone was happy. It's sad to think of leaving, but none of us will forget the 1984 Sagittar Staff.

Outstanding Students for 1984 Picked by Departments

Each year Baldwin Park High School takes great pride in honoring those students who have excelled in the various aspects of academic and athletic achievement during the year. These students are chosen by the teachers and coaches within each department. Each has excelled within the department for which they were chosen. This excellence is not only demonstrated by high grades, but also through extra effort, support of the department's goals and objectives, assistance provided to other students, and attendance.

In addition to the recognition received in the Sagittar, each student will have his or her name engraved as a permanent record of this recognition on a special plaque in the office foyer. Seniors in this group will also be indentified during the graduation ceremonies.

This year's winners are: Seniors Bertha Ascencio (Business), Marcus Archuleta (ROP), Heather Choi (English, Girls' Academic Athlete, Girls' Athletics), Ben Lee (Social Science), Edwin Reveche (Math), Ronald Rogan (Industrial Arts), Danny Ruize (Boys' Athletics); Juniors Rigoberto Flores (Science), Wendy Foster (Homemaking), and Jaime Gonzales (Art); and Sophomore Patty Ruvalcaba (Foreign Language).

Congratulations to all of this year's winners for an outstanding year.

Varsity Repeats as #1

The Braves' football team proved itself again, and in past years. For the players, the season started a few weeks before school began. After Hell Week, the team gave a demonstration of their power, edging by Covina in a scrimmage game 57-7.

The team then moved on to the opening game of the year, an away game hosted by the Burbank Bulldogs. In that game, the Braves lost Greg Santiago, their starting quarterback. Mike Johnson came in to lead the team to a 27-7 victory.

The next game was against the South Hills Huskies. The Braves proved themselves again by rolling up a 42-20 win.

The league opener was the next game against a team determined to bring the Braves' two game winning streak to an abrupt hault. Royal Oak failed, leading to a shut-out for B.P.

The Braves next shut-out came in the very next game against Gladstone.

Charter Oak was the next team to fall, a loss that made B.P. 5-0 for the season.

The next game was against another undefeated team and this would decide who would be league champs. It was an away game against San Dimas, but the Braves' stands were packed with supporters.

The Braves went on the warpath and scalped the Saints with three unanswered TD's. The final score was B.P. 27 — S.D. 7.

The Bell game was next, and the bell remained blue once again, with a 35-14 victory against S.V.

The Homecoming game was next. During the last minutes of the game, Nate Zackery delivered a perfect pass to Robert Viramontes, and Jessie Hernandez added his fourth extra point, making it a big win of 40-0 over Azuza.

The next game was against Basset, who was allowed only 6 first downs in B.P.'s 28-0 victory.

The Braves ended their season play with a 9-0 record and league champs tucked under their belts.

CIF was next and the Braves were matched with a stubborn Mark Keppel team whose members did'nt know they were suppose to lose, but they did. The Braves won the hard battle and advanced to second round play.

The last game of the season was hosted by Diamond Bar, which the Brahmas won 17-7. Even though they suffered a very disappointing loss, they had an exceptionally great team and a very good year.

The fans of Baldwin Park High School salute the performances that were acknowledged by the Montview League coaches to the following:

MVP — Offensive Line:
Troy Glass

MVP — Offensive Back:
Mike Johnson

First Team — Offense:
Fernando Gamboa, guard
Danny Ruize, receiver
Jessie Hernandez, kicker.

Second Team — Defense:
Rich Chavez, end
Joe Rodriquez, linebacker

Honorable Mention — Offense:
Leo Trujillo, receiver

Honorable Mention — Defense:
Greg Anderson, back
Nate Zachery, back

J. V. Football Is

The 1983 Junior Varsity football team's season was one of rebuilding and preparation for the future.

Losing many of the last year's starters to this year's Varsity squad, the J.V.'s none-the-less gave each game all they had.

Aggressive, high spirited, and challenging are some of the words that could have described the Junior Varsity. What counted most for they players, however, was their high morale and espirit de corps.

They were preparing for the future at BPHS, a future that is always bright and full of success.

Frosh Take League

The start of the frosh football team's season was like the first day of school — no one knew what to expect. The team had to learn different plays and essential rules.

However, before long, the Braves let the opposing teams know who was in control. As the team proved to be on a winning streak, they attracted cheers of supportand a growing number of spectators at their games.

The team swept the Monview League and became the undefeated champs.

"It was fun to be on a winning team," James Leon, tackle and offensive guard said.

Young Talent

The 1983-84 Varsity Volleyball Team was a relatively young team. It was basically a year of strengthening and forming for next year's team. The only two returning players were Adrienne Gubrud, the team captain and Becky George.

The team had the ability and talent to have a winning season, but too much individuality kept them from pulling together as a team.

Toward the end of the season, they showed great team effort which gave them motivation and spirit. They utilized every individuals talents which compelled camaraderie among all.

Although the Braves did not place in the top three, next year's team looks promising. The return of eight players will hopefully add to the success of next years season.

Also new to the team was first year varsity coach, Miss LaRue. With one losing season under her belt, there is no place to go but up.

The 1983-84 Girls' Junior Varsity Volleyball Team

Experience Gained

The Girls' J.V. Volleyball Team had a successful season. This team combined both ability and talent to taylor the outcome toward success. Each girl proved to be a valuable asset to the team.

Geno Arellano completed her first season as the solo J.V. Volleyball coach. Her knowledge of the sport proved valuable to the training of these junior varsity players.

The experience gained by the J.V. girls will make a strong nucleus for a good varsity team next year. Everyone benefits from a junior varsity team, no matter what the sport.

Competition in Tennis

The 1983-84 Girls' Varsity Tennis Team closed out an impressive season with a record of 13 wins and 3 losses. All teams were worthy opponents.

Especially tough competition came from Gladstone, Bassett, West Covina, and San Dimas. The teams that beat the Braves were equally worthy of notice. They were El Monte, Royal Oak, and Bassett.

The Varsity Girls' Tennis Team has a right to be proud of their achievements in 1983-84, and the upcoming varsity squad wil be striving to equal or better this record.

1983-84 Girls' Junior Varsity Tennis

A Hard Fought Season

The members of the Girls' Junior Varsity Tennis Team played a twelve game season against challenging opponents.

Victory came but once to the team, in a hard won contest with Charter Oak. The final score was 13-5. Though the other matches did not result in victories the girls battled bravely and are looking forward to a stronger and better season next year.

This was Coach Cherocci's first girls' tennis team in five years. The girls tried to improve their playing as they often stayed after practice for extra coaching. Of the twelve girls on the squad, ten were first year members.

They were enthusiastic about learning, and always did their best.

Their cooperation and teamwork made Coach Cherocci proud throughout the season.

A Good Season

The Varsity Soccer Team had a good season, beginning with a first place finish in their division in the Simi Valley Tournament during Christmas Vacation.

Only five players, Peter Alvariz (goal), Jess Hernandez (half-back), Jose Mellin (forward), Ivan Nino (defense), and George Romero (half-back) returned from last year's team. There was help for these five players, as this year brought more outstanding players to the varsity team.

The varsity was the team to watch. They played as a team. They would outrun many players with the ball. They would fool them and out maneuver them. They were an outstanding team to watch in action.

Behind every outstanding team is an excellent coach. Coach Sterling trained his players throughout the season, teaching his team everything from playing their positions well to passing the ball to each other. With a coach like that, no wonder the team did so well, once again.

An Excellent Year

The Junior Varsity Soccer Team had an excellent year. Starting off with a terrible pre-season, losing almost every game, the team came to life when the league started. They got on the ball and went right to the top of the list.

The first few weeks were problem weeks for the J.V.'s. Many players, new to the sport, did not know what positions to play. Others did not know all the rules of the game. As time progressed, all the players worked out their problems.

Coach Loumagne, the new J.V. coach, was there to help work out the problems with the team. "The team improved a great deal, from the beginning of the season to the end of the season," said Coach Loumagne. Were it not for Coach Loumagne knowing so much about soccer, the Junior Varsity may not have done as well as they did.

Varsity Goes to the Top

The Varsity Basketball Team played with experience and grace. The team kept their reputation steady and their spirit was never more evident.

In the past years the Varsity Basketball Team had to struggle, but they always managed to make a comeback.

Coach Romero and Coach Cooper guided the team to many successful games. Coach Romero had two main goals at the beginning of the season. First, to be league champions, and second, to be C.I.F. champions. Early in the season Coach Romero stated, "If we continue to play the same as we are now, we'll have a good chance of making the play offs."

The team captains were Michael Johnson and Ernie Flores. They greatly inspired the team. Michael and Ernie stated, "The team is doing better than we expected." Ernie also stated, "We have a good chance of making the playoffs." Most valuable player for the team was Michael Johnson, most inspirational was Ernie Flores, and most improved was Robert Wiley.

The year was rewarding for the Varsity Basketball Team. With luck and strong effort they will continue to be the best.

J.V. Basketball on Their Way

The J.V. Basketball Team got off to a slow start at the beginning of the season. They had a shakey first half, but started to score in the second half.

The team had excellent speed and quickness. Offensively, the team had excellent outside shooting and was one of the best running teams in the school. Coach Flores stated, "We have the best full court press and half court trap in the league."

There were two captains on the J.V. Basketball Team, Ruben Martinez and Richard Hopkins.

The Most Valuable player was Ruben Martinez, he was the leading scorer. During the season he was averaging 17 points a game.

The most inspirational player was Charlie Moran. "Charlie is always encouraging the other players and has an excellent attitude," stated Coach Flores.

The most improved player was Paul Potvin. Paul was one of the best rebounders and defensive men on the team. Coach Flores stated, "From day one, Paul has worked hard and become one of our best players on the team."

Coach Flores has greatly contributed to the team. His courage and efforts helped the team in many games.

Frosh Come on Strong

The Freshman Basketball Team did very well. Freshmen are usually put down because of their first year in high school, but not these freshmen. The freshmen may not have been tall, but what they lacked in height, they did not lack in talent.

The Freshman Basketball Team scored very well this year. During the season the team was 3-2 in the league, with a good chance at first place.

Mr. Figueroa, coach for the Freshman Basketball Team stated at the beginning of the season that the team was doing well. With strong effort they should be in first place with no problem.

The most valuable player was Eric Galindo. The most improved was Enriquez Rodriguez, and most inspirational was Scott Robles. The team captain was Gilbert Pineda.

The Freshman Basketball Team showed they were capable of overcoming any hardship. Their style and ability took them to a very successful season. The Freshman Basketball Team had an excellent year.

A Trying Year

A reasonably short time ago, in a high school on the outer reaches of Baldwin Park, there was a basketball team. A girls' JV team, was dedicated to having a great season. It was tough going as the team was small and had many players with injuries.

However, they gave their best, never giving up, proving they were a team to be reckoned with. Beating their cross town rivals, Sierra Vista, 37-31, was a prime example. It took long hours of practice, but it was well worth it. Often times they won on pure effort and determination alone. Although they didn't win every game, they knew that they played to the best of their abilities. Their pride shows they were truly a great team.

Varsity Noses S.V.

The Girls' Varsity Basketball had only four returning members. They were Kim Bickmeier, Becky George, Adrian Gubrud, and Margie Gallegos. These four pulled together with the new members Carol Campbell, Jaqueline Johnson, Rachel Mc Bride, Mary Munoz and Ruby Quintanar to try and make this a winning year.

The ten member team had a slow start, but that didn't discourage Coach Cherocci. They practiced everyday after school, their hopes were high and it paid off in the end with a comeback win over Sierra Vista, by two points.

Coach Cherocci really worked with his girls and that's why they shout, "We're number 1."

Field Hockey Grows!

The 1983-84 Varsity Field Hockey Team started out with only four returning players from last year. With a fourteen member roster to fill, a major recruitment took place. Due to the graduation of quite a few seniors on last year's team, most of the new players were very young. The team consisted of one senior, four juniors, seven sophomores, and two freshmen.

Despite an apparent lack of experience on the team, the skill and talent of old and new members is quite exceptional. In fact, university recruiters are already looking at junior Angel Vasquez and Sophomore Liz Kane. These girls have shown an impressive ability and command of the sport at such an early stage that they can't help but be noticed by recruiters and coaches alike.

The future of a field hockey program was, at one point, debatable at B.P.H.S. However, due to the up and coming young stars on this year's team, their dedication to the sport, and the consistent coaching by Eileen Berumen, the hockey program will be continued, and promises to be successful, when many of the returning players are experienced and skilled.

J.V.'s Prepare for Future

The J.V. Field Hockey team was a terrific team in 1984. Although they looked shaky at first, once they had some practice they got tough.

The J.V. team had a lot of new members this year. These new members had potential, but how much was unknown. By the time league games started, they were playing like pros.

These J.V. players are great and are sure to make a strong Varsity team in the future. We hope to see these players back again next year.

J.V. and Frosh Have a Good Year

The Boys' J.V. cross country team did remarkably well in the 1983 season. The team had a lot of new faces, and feet, and wasn't expected to do well in league competition. However, once they began running, they proved themselves, coming in third place out of eight schools.

The team was led by John Bosler, with a best time of 19:20. He was followed by Joaquin Durazo (19:40), Albert Yanez (19:44), Peter Alvarez (20:30), and Gary Miyagishima (20:31).

With this type of strong running, the varsity squad for next year has high hopes for a great season.

The Frosh team also showed a lot of talent. They ran and struggled through every race, but they're lack of runners destroyed any chance they had.

The Frosh team consisted of three runners, Mark Lenoir (18:40), Wayne Jenkins (20:42), and Gabriel Bautista (21:00). Better luck next year, guys!

Varsity Catches Attention

At the end of the 1982 season, the cross country team lost a fine coach, Mr. Sickman. He was replaced by Coach Molnar. Coach Molnar was very proud of his team and their great year.

Although the team lost several excellent runners last year, the Boys' Varsity team was still running strong. Sophomore, Jose Mellin whose best time was 15:39, was the No. 2 runner in the league. He was followed by Tim Maldonado (17:21), Homer Chavez (17:24), Roy Rivas (17:42), Ernie Alonzo (18:24), Benito Esparza (18:48), and Ivan Zupofska (19:20).

The season also went well for a young, but small, girls' team. Because of a lack of runners, the girls' team wasn't as competitive as they would have liked to be.

Jenell Gomez was the No. 1 girls' runner in the league. Her best time was 18:53. Gina Lloyd also turned in fine performances, improving her time in every race she ran.

There are two goals Coach Molnar has for next year; to be one of the top three teams in the league, and to qualify the entire team for the CIF preliminaries.

Coach Molnar would like to make a request to those girls who like to run. Join cross country. You'll enjoy it.

We would like to wish Coach Molnar good luck in achieving his goals.

Wrestling — What Is It?

WRESTLING — a sport in which the object is to pin one's opponent's shoulders to the mat. To accomplish this, the players had to work hard and have plenty of practice. Each day they worked hard to be the best; and each day they got closer to their goal. The players and the coach should be recognized for this. It's not easy.

The players did their job this past year. They were dedicated to their school. They were so dedicated that each had their own technique. It wasn't easy. The beginning was rough, but they pulled through, to be one of the best in their league.

Coach Molnar strived to make his team known to all of the other high schools; and that was the key to their success.

Recruiting Results Minimal

This year was a learning year for the J.V. Badminton Team as it was incomplete, and efforts to recruit new members ended in minimal success. The team consisted of almost all inexperienced players, and they had a rough season. There was optimism for the team because the players were very talented and will be looked for on next year's varsity team.

They gave their best and it showed. With all those hardships to overcome, they still proved they were a great team, and they never stopped trying. Their record didn't tell the story of the effort they put out and the determination to make the season worthwhile. Team members Rosalina Lagunas, Dave Rodriguez and Maria Godinez were especially impressive, but it was the participation of all that made the J.V. Badminton Team what it was.

Another Winning Season

This was another great year for the varsity badminton team, coached by Sunny Pieters, as they once again proved that they were the best around. With veteran varsity players Heather Choi, Mirasol San Antonio and Teo San Antonio the season was very successful. They also had help from first year players Rigoberto Flores, Alberto Yanez and Anthony Sterrett who proved themselves several times.

Many games were very close. In the home confrontation with Bassett, we came out the victors by one game, in a match that was won by just three points. Others were not as close. The game against cross town rival Sierra Vista was won with a final score of 21-8.

All team members contributed to make this year another winning season for the Braves Badminton Squad.

Winning Isn't Everything

Most people think that winners are just those who actually beat there opponents at their game, but winning a game is not always the point. Giving the best of one's self is really the final goal. Not everybody sees it this way, but the attitude of our varsity tennis team was different.

The varsity team was made up of eight players, none of whom were seniors. The team was young, but they were a hard-working group of people. They put all they had into their game. In spite of this tremendous effort, the tennis team was plagued by their inexperience. With or without experience the team had a lot to prove. Even though the team was not winning all their matches, they were constantly improving their game. With continuous practice and hard effort, the future looked promising. They gained experience and they knew that victories would soon come their way. They were not giving up. This shows class.

An inspiration for the team came from the freshman player on the team, Cat Pining. This inspiration boosted the team's spirits. Whether they won or lost their matches, they were looked on as just another team, but underneath it all, they were winners.

Goals in Mind

6

A team's objective is to finish in the top three of their league. This goal was foremost in the minds of the Junior Varsity tennis team, and they did their best to reach that goal.

Our junior varsity team did not have any setbacks. With their spirits high, there was no room for problems. Even though the J.V. team was feeling good, the ten members still had to work as hard as they could. They knew that working hard would benefit them in every way.

During the playing season the team won a number of matches. One advantage the team had was veteran players, Jeff Ramirez and Bill Hartsock, who were like assistant coaches to those on the team who were still "green."

Although some members just started playing on the team, Coach Cooper knew that he had some talented individuals who could develop into a fine group of atheletes. By the next season, the team should be the best around.

Girls' Track

Girls' track did exceptionally well. Like all others, they had to take the good with the bad. Every team must lose in order to win. If it had not been for the girl's coaches, Mrs. Chatterly and Miss La Rue, with help from Mr. Economides, they might not have had the incentive to do as good as they did. It wasn't an easy task, but with the help of Sylvia Jacobo, Kim Hunt, Laurie Allen, Shawn Simmons, and Tony Simmons, they made the Girls' B.P.H.S. track team the best all around. Great job girls!

Track Is . . .

Track — it's an intricate sport; yet, it's a mental sport. Track consists of a multitude of different events. Some are running events, some jumping, and even throwing. So one can easily see that one does not have to be a good runner to be in track.

The track teams, Frosh-Soph and Varsity, did tremendously well. Each and every player tried his very best to win his event at the meets. It's not easy work.

Like all other sports, the players trained long hours each day. Although track didn't receive quite as much recognition as football or basketball, it is part of the Braves Athletic Tradition, and members were intense competitiors who put out the ultimate effort.

Great Expectations

This track teams consisted of the best athletes yet. The 1984 Varsity Track Team featured seventeen people, four were returning varsity athletes. These four were Albert Johnson, Danny Ruize, Todd Allen, and Steve Crumbley. The coaches, Mr. Zane, Mr. Romero, and Mr. Pagone, were sure that the track team would go all the way.

The 1984 track team might well have been one of the best in years because of the all-star line up of athletes. This was indeed a good year for the track team. They made the grade, that great step to being the best.

Braves Baseball — 1984

1

The Baldwin Park High School Baseball Team consisted of a great group of athletes. Through the season, they managed to hold together, playing many action-packed games.

If asked which team contained the most school spirit the answer would be The Braves. Baldwin Park can confidently say that their baseball team will always remain at the top wherever they may go!

The baseball team of the nineteen eighty-four season was a memorable one for Baldwin Park. Like football, a traditional American game, baseball is played throughout the United States. The Braves managed to give their opponents a run for their money, although they had, unfortunately, been hindered with fierce competition. All in all, the 1984 season was a good one for the athletes, coaches, and spectators involved in this great sport.

The Braves really showed their school spirit. Not only did they play to the best of

their ability, the baseball team also managed to play thrilling games, time and again. Every time they went onto the field, they exihibited excellent performances. Each and every player contributed to make it an exciting season. It wasn't easy though. Many games were too close to predict an outcome. There were several tough opposing teams and the Braves had their hands full. Despite all these things, the team made it a very memorable season.

The Braves Baseball Team consisted mainly of juniors, with one sophomore and one senior. The key players on the teams were all — C.I.F. pitcher/shortstop, Greg Santiago, and returning lettermen Ralph Alderete, Carlos Aziulera, Armando Murillo, Tom Knorr, Randy Knorr,

Richard Chavez, and Donald Sharp.

The Braves had a slow start in pre-season losing three games, two of those by one run. The pre-season record was one win and three losses. However, once the league season began the Braves settled down, winning three of their first games. The overall hitting was good, averaging ten hits and seven runs a game.

Softball Rebuilds!

The 1984 Braves Softball Teams had a rough start, with both teams having to rebuild practically from scratch.

The varsity squad, with seven returning players, only one a senior, was working this year to improve their skills, timing, and coordination with the ultimate goal of being number one next year.

Pitcher Sylvia Incencio was the only returning pitcher to assist the Braves in their attempt to rebuild.

Coach Hunkins was not disappointed in his team's progress, and had a very positive attitude waiting for next season's play to begin.

Coach Cherocci of the J.V. team was also in a rebuilding year, sending most of his 1983 championship team to the varsity. He also is looking forward to a better year in 1985 and encourages any girl with a desire to tryout for one of the two softball teams.

To Joanne

You are a very nice, sweat girl I met in the nineth grade. I enjoy being around you, and I want to thank you for helping me out with John. Even though it didn't work out. I just got over him, but I couldn't of have done it without you. So thank You. I hope I have you in a class next year. I hope to see you in the summer. Sorry for the messy writting.

Friends

Forever.

The Ending of a Year

The year has now ended and will only exist in memories. The closing of a year is always exciting for one reason or another.

Freshmen are always glad to end their first year. They're grateful for leaving the teasing and seniors behind. Some want to become sophomores, so that they can end their unspirited reputation. Reputation or not, there are some freshmen who are spirited anyway. This year was an example. There were more spirited freshmen than ever before.

Sophomores are just glad that they've passed another year, and that they're a lot closer to graduating than before. Of course, the idea of 'jumping' the freshmen is very appealing.

Juniors, of course, are glad to be able to say they'll be seniors, the highest class of all. They take pleasure in planning the torture of the new freshmen. They always make sure it's better than the year before.

Seniors are an exception. They're excited about graduating, but then again they're uneasy. They realize that part of their lives are over, and they can't change or bring it back.

Yes, the closing of a year can be exciting, but it has its bad moments. So cherish every day of your school years, and then you'll know you didn't miss out on anything.

Your Trial Year

The beginning of this year, was in a way, unpleasant. None of the students wanted to have a longer school day or school year. Now the school year is almost over, and they've actually begun to adjust.

Just thinking of being in school longer was enough to make one want to quit. However, they didn't quit, they decided to hang on. Now that they've been through it, they noticed that it wasn't that bad. It might have even been fun for some of them.

A longer school year meant a shorter summer, but being just a little bit smarter made it worth it. Having the summer cut short didn't sound too appealing. While everybody else is out at the beach, they would be in school studying. It may be just four days, but in those four days they were learning something the others weren't.

These students should be grateful for the extra time being devoted to them. They may not realize it now, but in the future they will know how important it was, and they'll appreciate it.

Year Flies by

The 1983-84 year is finally over. To the dismay of many students, it seemed to fly by. In a way, it is like school just started yesterday, but the report cards prove that's not the case.

It may have been a good year to some, but to others it was just another year. Either way, no one can deny the good memories that will be left behind. They might include the new romances, or the new friends, maybe even both.

All the dances and athletic events at B.P. really made the year fantastic. Whether attending your first dance, or football or basketball game, or if you've been to many before, you can never forget the happiness and pleasure you felt just being there. Other great things were trips to PJ's, watching the filming of famous comedy shows, and, of course, one can't forget attending the drill team and cheerleader competitions.

Whatever it was, the year was one that nobody will ever forget.

The Final Day

The end of an exciting year is now near. For some, it means the start of summer and the beginning of summer fun. For others however, it means the closing of an important chapter in their lives. They leave B.P.H.S. with only a memory.

Many often wonder why Seniors leave B.P. with teary eyes. They don't realize the fun they've had until they've graduated.

When the students began as Freshmen, all they thought about was the four long years ahead of them. Then, through the years, they met new friends, developed relationships, and got to know what high school was really about.

As the years came and went, they impatiently awaited the arrival of their Senior year. When it finally arrived, they

The Final Day

went through those days in high spirits, waiting for the day they would finally get their diplomas, ending the four years they had been longing to end.

However, when that special day finally came, nobody wanted to say good-bye to their friends and the special teachers that made high school alive and fun. They didn't want to leave the excitement that came with the first win of the season's football game, or leave the halls that they'd walked through for four long years. Four years is no doubt a long time, but those years were filled with sorrows, joys, and excitement. Most of all, they didn't want to leave the school that held many special memories for them.

As one Senior stated, "It's been four long years, but years

The Final Day

I'll always treasure and remember. I'm really going to miss it all." Another Senior said, "The past years have been challenging ones, but great ones as well. I know everyone can't wait until their Senior year, but sometimes I envy the underclassmen. They have more time to enjoy the great things B.P.H.S. has to offer them. I'm going to miss all my friends, teachers, and most of all, the school itself. I'm so glad to have been able to spend my high school years at B.P.H.S."

And that is why Seniors leave B.P. with teary eyes. Although you may not realize it, your high school years are precious ones, and only come once. Enjoy what you have and take advantage of it. Be glad that you're spending an important part of your lives at a truly great school — B.P.H.S.!!

Antoinette,
Good luck in the future and never forget that we will always be proud of you.
Love Mom, Dad, and Tiffanie

Carmen O., Well sis, I'm now leaving you behind. No more "let me have money, I'll pay you tomorrow!" You're a great sister and great on giving advice (sometimes). Good luck on your last two years because they are the best ones.
Love you. Your sis

This is a little note for my daughter Denise Lopez, just to tell her that I love her very much and that I'm very proud of her and don't forget you'll always be my mommie.
Love mom

Bettinna, Jerry J., and Mario,
Well you finally made it. (barely) (just kidding!)
Your friend always, Tiffanie

Rosa,
!Surprise! We finally made it. Thanks for being the greatest friend anyone can have. Congratulations, and I wish you all the luck in the world. Best buddies forever! I love you.
Love & Friendship always, Rossyvette

To Boogie,
I just wanted to say you really made my senior year fun, It was fun going through a year of high school, with a brother like you. Good Luck in the future.
Love, your sister, Denise

Donna,
Well, our junior year is finally over, and a memorable one, right? I wish you the best of luck in your senior year. Thanks for always being there when I needed someone to talk to.
Love & friends always, Chris

Armando,
This message is dedicated to the future ART club Edit., Commissioner of Publicity and who knows what else. This goes to you too Harold. Have a great time next year and don't let anything get in your way.
Good day.

Dearest Crystal,
Congratulations, Chris! I'm so happy you have succeeded your high school years and I'll be just as happy for your future success too. Our friendship is everlasting, for you are always near.
Love and care, Dee

Ms. Chatterly
The 1983-84 Field Hockey Team thanks you for all your support and encouragement during the season. Thank-you for helping us keep Field Hockey for a few more years!
Sincerely, Liz, Adela, Yvonne B., Yvonne Z., Angel, Marissa, Corrina & Coach Eileen

Reptile Viramontes and 'Lizard' Trujillo,
I hear Congratulations are in order. Well guys, you made it. We've had a great year — you senior snobs, just kidding. We wish you the best in the future.
Love, Silly and Niffer

Becky G. & Lisa B.
Thanks for the good times in yearbook! We sure had fun!! Congratulations on Graduating! We finally did it! I wish you the best in your future.
Friends forever, Chris Tobin

Pegi,
Throughout this past year we have had many good and bad times, but we must not linger in the past and look only into the future.
Jeffery

To Mr. ISM
You know who you are. Well the year is over and we got rid of Mel. (just kidding) Take care, I hope to see you next year.
Love & friends, Martha Lopez

To Coileen:
I am glad we met in 10th grade and became such terrific friends. You have been a great friend!! I hope we keep in touch and stay friends forever!! Congratulations, we did make make it!

Sandra Trejo

This is my way of thanking you for all that you've done for me. Not only have you helped me to get closer to my parents, but you also encouraged me to strive for my goals in life.

You give special feelings to your music. Through your music and personal interviews, I've learned that each of you has a unique way of expressing yourself. That's what makes "JOURNEY" so different and better than any other group.

All of you are special to me. JOURNEY, all five of you helped me not to "Stop Believin' " in myself. You changed my personality, goals, and achievements.

Neal, your positive attitude, strength, and creativity have helped me to be myself and accomplish my goals in life; Ross, your sense of humor brought out laughter and humor in me; Steve P, your voice has given me special memories; Steve S, your friendliness and talent has inspired me; Jonathan, your lovely ballads relating to Tańe has made me realize how much my parents mean to me.

Nobody will ever understand why you mean so much to me. I have two dreams: to be successful in life and to thank you in person.

Love and Always

To Joanne,

Well el wish el could have gotten to know you better, if you would've come to 2nd more often but you better straighten yourself out now, don't wait till your Senior year, make ups your classes as soon as possible. You have to work hard your Junior year, so you can relax your Senior yr. You see el did it the opposite way now el'm working my ass off to graduate. you don't want that do you follow my advice Joanne itll pay off in the end. Take Care & God Bless.

Your friend
Linda Sandoval

Sincerely,
Linda

My dear cousin Joanne,

You are now a Junior and I am so Broad of you! Well, can you believe how fast this school year went? I can and I'm so glad. Maybe next year I can go to school with you and you can show me to my classes, but that is only if I go. I know we argue sometimes but we still get along pretty good because we are cousins and we can't hate each other. I know one of these days we will graduate and you know we are seriously gonna cry our eyes out. I just have to figure out what I'm gonna do because right now I'm confused but soon I will decide. I know you will be very successful because you're a "Garcia" and "Garcias" are and always will be "Puro Suave". I guess I guess I shall go now. Bye.

"Class of '86" Love Ya Always,

'84 SCHOOL YEAR ENDS!

Senior Recap

Years at BPHS

Four years is a long time to belong to something, someone, or somewhere. After four long, but quick years the class of 1984 is leaving Baldwin Park High School.

Before they leave, let's find out what some of the graduates have to say about their years spent in Baldwin Park.

LAURA WAERY: I'll miss my friends and teachers the most when I leave.

SUSAN BRANEK: My happiest moments were my sophomore and junior years when my boyfriend was there and I cheered for him. It was great!

MARCIE GALLEGOS: My happiest moment at BPHS was eating in the cafeteria. The things I'll miss most are brunch and lunch. The craziest thing I ever did here was to enter.

DOROTHY HOOPER: My most embarrassing moment at BPHS was when this guy I really liked spoke to me, and when I turned around to peer what he said: I fell over about three desks. He helped me up.

KIM BICKNELL: My happiest moment here was pomping Mr. Farmer and Mr. Epperlein at the end of the 1983 year.

JUNE KITCHEL: My happiest moments at BPHS were going with Lillian and Dorothy to lunch and going with Mirna and Sandy to parties on weekends.
